A NOTE FROM THE *Editor*

One of the best parts of choosing to get married in the Tampa Bay/Sarasota areas (besides the weather) is that we have so many amazing venues to choose from!

There's an event space for every setting, from iconic beach venues to waterfront spaces to historic venues with charm.

The first wedding planning tasks to complete are choosing a wedding venue, selecting a wedding date, and hiring a planner. (We promise that a professional wedding planner is the best investment for your wedding day!)

Your venue will typically be one of your most significant expenses, and it sets the tone for your wedding day, so it's an important choice.

Rather than sift through the 500 venue listings on those popular wedding listing sites, we've done the research for you in this edition of Best Local Wedding Venues.

This comprehensive guide highlights the venue, seating capacity, pricing, and, in many cases, promos just for Marry Me Tampa Bay readers.

Find a venue that you're interested in? Click the "Learn More" link to view all of the weddings we've featured from that location to see even more inspiration.

With almost 2,500 real, local weddings featured, [Marry Me Tampa Bay](#) is the area's most trusted wedding planning site.

While we are not wedding planners ourselves, we provide advice from local experts, showcase the [best places to get married](#), and the [best wedding pros to hire](#).

We provide complimentary answers to your wedding planning questions. Reach us anytime at [@marrymetampabay](#) or [social@marrymetampabay.com](#)

"We wanted a place with **three distinct areas**: an outdoor space for the ceremony, an indoor space for the reception, and a third area for guests to enjoy during cocktail hour. It was also important to us to have a venue that was easy to communicate with and offered planning assistance, especially since we were organizing the wedding from across the country. Additionally, we wanted it close to plenty of attractions so our guests could make the most of their trip.

We discovered NOVA 535 early on through the Marry Me Tampa Bay website, and it immediately stood out. Every time we compared it to other venues, it checked all our boxes. It offered a **city vibe with plenty of greenery** and was so beautiful inside that minimal decorating was needed. The management was **easy to communicate** with and made the process straightforward. We ultimately chose it for its courtyard and the distinct spaces for the ceremony, cocktail hour, and reception."

*"This was a destination wedding for most of our guests, so it was really important that we had a venue that could host both the ceremony and reception so that we didn't have to travel around all day. I have **always loved the idea of getting married near a beach but didn't want to walk down the aisle in the sand, so the 16th-floor terrace at the Hyatt Regency Clearwater Beach with a breathtaking view was a perfect find.***

*The terrace is absolutely breathtaking, the 8th-floor pool looked like a perfect location to host a post-wedding pool party, the room rates were reasonable, and the hotel itself was **stunning!** We truly feel like we could not have picked a better venue.*

*We still have guests raving about their stay at the Hyatt and **how amazing the staff was!** Their service was top-notch. Throughout the entire planning process, Lizzie was my go-to gal! She never left me stranded on any questions I had and was such a dream to work with! She's the best and made everything so easy when I was living so far away from our venue!"*

HOTEL FLOR, A HILTON TAPESTRY COLLECTION

"We were specifically focused on venues that could hold our estimated guest count, were close to our church, and were aesthetically pleasing.

We love the **history and charm** that Hotel Flor holds. We knew it was going to be newly renovated and adopted by Hilton by our wedding date, and this excited us. We found their ballroom very beautiful and elegant and thought it would be the perfect spot to host our reception.

We cannot say enough positive things about their service. **All of our vendors also spoke highly of how great Hotel Flor was to work with!**

"Our must-haves were being outdoors (preferably a rooftop) and the venue being cost-efficient with either all-inclusive or partially-inclusive packages.

*We chose Red Mesa Events for so many reasons! For starters, their **eclectic rooftop**. This was such a big part of achieving the atmosphere we wanted for our wedding. While Brendan's love language is food in general, mine happens to be **Mexican-style food, and theirs is amazing!***

*Red Mesa offers **inclusive packages that reduce costs and unnecessary wedding planning stress**. They checked all our must-have boxes and then some, and a bonus is their **amazing service and hospitality.**"*

"We chose The Vault because as soon as you walk up to those 1920 columns, you are fully transported into a historical Tampa landmark. It speaks for itself."

"When you walk through the doors the first thing you see is the floor-to-ceiling windows as well as the original marble floors. The space on its own is simply breathtaking and in the back is the actual vault that the bank used way back in the day."

"Another main perk is that The Vault handles all of its food catering itself to ensure you have the best day possible. This made it easier to ensure top-of-the-line service. Everything about The Vault service was 10 out of 10 from the moment the day started until we closed the place down."

"We chose the Poynter Institute because it was so architecturally interesting with all the wood beams and tons of natural light. The courtyard area was perfect for cocktail hour, and there was a lot of room for set up, DJ, bar, etc. We were really happy we went with the Poynter Institute! The day-of staff were super friendly too."

HARBORSIDE CHAPEL

"I had Harborside Chapel pinned on Pinterest for years, and when I walked in, I just knew it was the right spot. The employees and volunteers just love seeing love. We were not even in the planning stage yet, so knowing we had Harborside, who does so many weddings a week seamlessly, was a big reassurance.

We ultimately fell in love with the timeless chapel look, the natural light, and the support from the volunteers during the tour. They have it down to a science when it comes to how the day is run. I booked Harborside for a full day, so we had the option to get ready in the bridal suite. I recommend it all the time. Their mentors, Barb and Mike from their pre-marital mentorship program and Darci and Pastor Andrew, made everything so perfect. We walked in feeling so at ease and ready."
