EDITOR'S NOTE: HOW TO CHOOSE THE AREA'S BEST WEDDING PROS

By: Anna Coats
Marry Me Tampa Bay Editor-in-Chief

When planning a wedding the most important decisions to make (besides choosing your life partner) are the wedding pros you hire to deliver on your wedding day experience.

Selecting your wedding vendors can be overwhelming because there are so many to choose from. Most couples source personal recommendations, Google searches, social media feedback and national listing sites to begin their search, but the number of suggestions you receive can be mind-boggling.

One of the national wedding vendor listing sites has almost 700 photographers cataloged just for the Tampa Bay area! Even the most dedicated wed-to-be doesn't have time to narrow down all of those profiles, plus I personally wouldn't recommend over 70% of vendors on there (even ones with over 100+ 5-star ratings).

One of the best ways to keep wedding planning manageable is to start with a curated list of wedding pros. This can be from your wedding venue's preferred list, a selected poll from personal recommendations, or our collection of "Who's Who" of Tampa Bay Wedding Pros.

We have purposefully kept our Marry Me Tampa Bay list selective to bring you the area's most reputable and respected wedding professionals.

With our "Who's Who" publication, Marry Me Tampa Bay has done the research for you so that you can

focus on narrowing our list even further to choose the right fit for your budget, personality, and style.

Your wedding day is not a day that you can "do over" if something goes wrong, so choosing your wedding pros truly is an investment in creating an unforgettable day.

Our focus for selecting our "Who's Who" is intended for couples looking for professionals first and foremost. With experience and talent comes a higher price point, so if you're price shopping, our pros won't be the least expensive, but they will be the most qualified.

You want to hire professionals not only for their knowledge but also to plan for mishaps (because they will happen) and to fix them without taking away from your experience on the day of.

With this 2024 publication also comes complementary insight from the *Marry Me Tampa Bay* editorial team.

Email social@marrymetampabay.com or DM [@marrymetampabay](https://www.instagram.com/marrymetampabay) with the wedding vendors that you're considering, and we'll let you know if they are reputable and share any weddings we've featured from them.

Cheers,
Anna Coats

WHAT IS A MUST HAVE AT EVERY WEDDING?

Over the years, we have discovered that incorporating a diverse range of floral designs is crucial to enhancing the ambiance of a reception area. Combining tall and low arrangements brings the space to life with a constant sense of motion. We recommend two or three unique tablescapes for larger receptions, each with its own personality and charm. Finally, an abundance of candles is a must-have for any reception to add warmth and elegance to the setting.

What inspired you to start your business?

When I was a little girl, I always loved pulling pictures of beautiful bouquets out of *Martha Stewart Weddings* magazines. When it came time for me to get married, I naturally wanted to do my own wedding flowers. I started by doing my friends' weddings and then their bridesmaids' weddings, and 23 years later what started as a hobby is a full-time business.

What makes your business stand out?

We really love all things weddings! We spend lots of time with our couples going through every detail of what they might need for their wedding day. We keep in touch throughout the planning process as ideas may change, and we execute those details beautifully on their wedding day. We are always prepared to go the extra mile to make your day more than you dreamed it would be.

What is one thing most couples would be surprised to know about you?

I am a mother of 7 children, and I homeschool my youngest 3. I am madly in love with my husband, and we have built a life that we love together. We are in the process of building a farm and homesteading on 37 acres with my sister and her family, and I can't wait to grow a flower garden!

What is one of your passions, non-wedding related?

Aside from weddings, my recent passion has been learning about homesteading and farm life. There's something so rewarding in growing your own food, something so peaceful about the quietness of your own land, and something about being fulfilled and passionate about everything you are doing in life. I believe when you are fulfilled and happy it really translates through your designs and work.
